## PERSONAL PROFILE

---

I am results-driven web developer with proven experience in designing and building responsive, user-friendly, and high performing websites using modern web technologies. I am experienced in transforming ideas and business requirements into clean, functional, visually attractive and interactive digital solutions, and maintainable code by engaging clients through development process.

In addition to web development, I bring hands-on experience in plumbing which has given me a practical problem-solving mindset and a strong understanding of real-world operations, service delivery, and customer needs. I am highly adaptable, detail-oriented, and committed to continuous learning and professional growth.

---

## CORE TECHNICAL SKILLS

---

- HTML5, CSS, and JavaScript (ES6)
- Responsive web design (mobile-first approach)
- UI/UX implementation and layout optimization
- Website performance optimization
- DOM manipulation and event handling
- Debugging and frontend troubleshooting

- Basic backend and database concepts

---

## **ADDITIONAL TECHNICAL AND PROFESSIONAL SKILLS**
